VACANCY – QUALITY ASSURANCE MANAGER

SALARY: **£40K - £50K P/A**
HOURS: **37hr p/w**
LOCATION: **POYNTON, SK12 1NE**
EXPERIENCE: **ESSENTIAL**

We are currently recruiting for an experienced Quality Assurance Manager. This is a fantastic opportunity for a proactive and hardworking individual to join a busy and fast-paced team.

For this role it is desirable that you are qualified in Quality Management and /or an appropriate discipline; Electronics, Mechanical Engineering or Manufacturing Engineering. You should have demonstrable experience in a similar role, and you must be experienced in an Operations environment, with an emphasis on the requirements of the Aerospace industry.

As the Quality Assurance Manager, you will be operating in a customer facing, performance-based manufacturing environment. You will ensure that the Quality Management Systems and associated Policies Procedures and Processes, manage the risk profile of the business within "ALARP" principles and delivers contractually compliant product and services within the scope of current accreditations.

The role will involve taking direct managerial responsibility for the site Quality Compliance and Product Quality staff and systems (Inc FAIRs to AS9102). It will also involve managing the Non-Conformance System ensuring timely closure of NCRs.

You will also ensure compliance and retention of the current Management System Accreditations. ISO 9001:2015 AS9100:2016. ISO 14001:2015 & 45001:2018

Part of the role will include leading and supporting the acquisition of further business strategic accreditations such as, but not limited to, ISO 13485 Medical Devices and being responsible for the supervision and continuous development of a small group of Quality Management staff and the associated departmental budget. The team comprises of Quality Assurance Engineers (1): Quality Control inspection staff (3) and a Quality Management Systems Co Ordinator (1)
