

VACANCY – PRODUCT QUALITY ENGINEER – (Maternity Cover)

SALARY:	£18.00 p/h
HOURS:	37.5hr p/w
LOCATION:	HOOK, RG27 9HX
EXPERIENCE:	ESSENTIAL

We currently have an exciting opportunity for you to join STI Ltd as a Product Quality Engineer. This role is offered on a full time, fixed term contract basis with a competitive salary of **£18.00 per hour**. **The contract is an immediate start and is expected to end in November 2022, covering Maternity Leave**

For this role you will need a degree, or equivalent, in a relevant engineering discipline and PCBA experience. Industry relevant certifications are desirable as is working knowledge of Six Sigma, Lean Manufacturing, Quality and Process Improvement tools and techniques, D/PFMEA, Control Plans and Statistical Process Control.

As a Product Quality Engineer, you will be the first point of contact for customer quality related issues. You will enable production to maintain and improve quality and cost & delivery performance through online Quality support and approval of standard operating procedures, suitability of jigs and visual inspection aids.

The role will involve

- Owning product quality
- Interacting and liaising with customers
- Publishing and monitoring yield performance in line with agreed KPI's
- Quality lead for contract reviews / production readiness reviews / build reviews
- Ownership of Quality Clinic and MRB process
- Conducting review and approval of RMA reports
- Facilitating the generation and issue of customer SCAR reports in a timely manner
- Conducting review of Material Repair Review (MRR) forms in liaison with Engineering
- Leading RMA activity, root cause analysis using tools such as 8D & 5-Why and customer feedback
- Supporting internal audits

The ability to prioritise own workload and work effectively to deadlines is also essential.

- **A full job description is available on request**
- **All applicants will need the Right to Work in the UK as Sponsorship cannot be offered for this role.**
- **The ability to achieve UK security clearance may be required for some roles.**
