

VACANCY – MATERIAL TECHNICIAN (STORES)

SALARY: £18.5k - £19.5k p/a
HOURS: 0800-1600 (Mon – Fri)
LOCATION: HOOK, RG27 9HX
EXPERIENCE: ESSENTIAL

A fantastic opportunity has arisen for a proactive and hardworking individual to join a busy and fast-paced team as a Material Technician.

For this role, you will need previous experience of a warehouse environment, along with MRP system and Microsoft Office packages experience.

As Material Technician you will provide material handling activities as deemed necessary by the company to support production throughput.

The role will involve ensuring materials are stored as per Company processes and procedures and maintaining stock accuracy and traceability.

You will be liaising across departments addressing any relative stock queries or issues and ensuring job handling as per Company processes and procedures.

You will need a high attention to detail and accuracy, high concentration levels and excellent level of dexterity

This role involves manual lifting and handling.

A full job description is available on request.
