ESSENTIAL

We are currently offering an exciting opportunity for you to join STI Ltd as a Senior Buyer based in our UK business to support major procurement projects in our Cebu, Philippine's site. This role is offered on a full time, permanent basis with a competitive salary.

The role will be working remotely however it will be expected that the candidate attend site visits in Hook when required. It may also require occasional visits to the Cebu site if required.

UK based candidates have to appreciate that the time zone difference may require a flexible approach to the working day.

As a Senior Buyer you will oversee the procurement activities at the Philippines facility relating to larger projects.

The role will involve:

- Taking overall responsibility for cost effective procurement of major projects in Cebu
- Act as a point of escalation for procurement issues arising in Cebu
- Providing a strategic procurement resource for long term effectiveness and sustainability
- Monitoring progress of projects through Cebu from receipt of order to procurement.
- Reviewing quotations to ensure competitiveness is maintained
- Supporting ERP developments

We are looking for candidates with high volume electronics manufacturing backgrounds preferably in a CEM business that can demonstrate experience managing Far East supply chains.

This candidate should be able to demonstrate experience in managing forecasts in the supply chain while mitigating the risk of unwanted inventory in STI.

The person will have to have excellent communication and interpersonal skills who can successfully work to set deadlines.

You should have strong levels of proactiveness and be flexible with your approach whilst maintaining your attention to detail.

STI are a specialist Contract Electronics Manufacturer, serving world-class customers in high-reliability industries by providing a complete set of electronics design and manufacturing solutions in both printed circuit board assembly (PCBA) and full box-build manufacturing. We have a longstanding and enviable history of supply excellence to the aerospace and defence sectors. This ranges from cockpit avionics through to in-flight entertainment systems.

We offer excellent career opportunities, 23 days holiday (plus Bank Holidays & Flex Days), Company Pension, Health Cash Back Scheme, Flexi-hour scheme.

- **A full job description is available on request**
- **All applicants will need the Right to Work in the UK as Sponsorship cannot be offered for this role.**
