STI REACH STATEMENT

To whom it may concern

STI is aware of the European Council legislation titled: **REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 18 December 2006** concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

STI requires its suppliers to complete a questionnaire and effectively monitor in order to establish that they are aware of REACH regulations and comply with its requirements.

We regularly review the ECHA's SVHC candidate list for updates, to ensure ongoing compliance.

STI does not import any of the products included on the list of SVHC's above the one tonne threshold per annum, and none of the articles manufactured by STI intentionally release substances. For more information on the SVHC candidate list, please visit:

<https://echa.europa.eu/candidate-list-table>

Should you require additional specific information regarding a particular article, please do not hesitate to contact us via our customer service department.
